About Clover Health:

Clover Health (Nasdaq: CLOV) is a physician enablement company committed to bringing access to great healthcare to everyone on Medicare. This includes a health equity-based focus on seniors who have historically lacked access to affordable, high-quality healthcare. Our strategy is powered by our software platform, Clover Assistant, which is designed to aggregate patient data from across the healthcare ecosystem to support clinical decision-making and improve health outcomes. We operate two distinct lines of business: Insurance and Non-Insurance. Through our Insurance line of business, we provide PPO and HMO Medicare Advantage plans in several states, with a differentiated focus on our flagship wide-network, high-choice PPO plans. Our Non-Insurance line of business similarly aims to reduce cost-of-care while enhancing the quality of care for patients enrolled in Original Medicare.
