

The following is an updated email that was made available to potential investors.

Dear [xxxxx],

We wanted to share with you some additional information about Clover and its proprietary software tool, the Clover Assistant. We believe that these four videos, taken together, provide a good overview of how the Clover Assistant works and how physicians have experienced it.

First, because physicians are central to our mission, we wanted you to hear how physicians interact with and view the Clover Assistant. We, therefore, have included a video with testimonials from a number of our in-network physicians, describing their experiences with the tool. That video can be found here: <https://www.youtube.com/watch?v=UwTo1L4Aq2Y&feature=youtu.be>

Next, to demonstrate how the Clover Assistant works, we have provided two videos from our clinical team. The first of these features our Chief Clinical Informatics Officer, Dr. Sophia Chang, explaining, from her perspective as a physician, how the Clover Assistant fits into her workflow and provides value as she cares for her patients. That Clover Assistant Product Demonstration can be found here: https://www.youtube.com/watch?v=JOkb-z6ROIg&feature=emb_logo. The second demonstration video features our Chief Scientific Officer, Dr. Kumar Dharmarajan, providing an overview of the tasks in the Clover Assistant and explaining, from his perspective as a physician, how the Clover Assistant allows him to communicate with Clover about his patients to improve their care. That video can be found here: <https://www.youtube.com/watch?v=nwWDQ4y4bEY&feature=youtu.be>

Finally, we are sharing an animated feature that we put together earlier this year to introduce physicians to the Clover Assistant and provide them an overview of how they can easily integrate it into their practice. That video can be found here: <https://www.youtube.com/watch?v=ZnW6jMIXATk&feature=youtu.be>
